Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

In response to the Office Action mailed August 28, 2002, please amend the above-referenced application as follows:

In the Claims

Please amend claims 1, 4, 16, 27 and 30 as follows:

1. (Amended) Stereoscopic device comprising:
- a sensor assembly having an optical axis, for detecting a sequence of stereoscopic images of an object;
  - a movement detector, detecting movements of said sensor assembly perpendicular to the optical axis, relative to said object; and
  - a processing unit connected to said sensor assembly and to said movement detector, wherein said processing unit selects portions of said stereoscopic images, according to a signal received from said movement detector, thereby producing a visually stable sequence of display images.
